

Minde Vieras
Full Stack Developer
Bristol, BS7 9NP

Motivated experienced Web Developer seeking a career in a dynamic software development team. Highly competent front-end development skills, with an emphasis on JavaScript and its libraries (ReactJS, jQuery). Confident back-end development skills, especially using PHP and NodeJS.

Self-taught, with a real interest in keeping up-to-date with the latest web standards, languages and methods. Makes extensive use of tools such as Git, Webpack, Grunt to boost productivity and achieve the best results possible. A deep understanding of how computers and the internet works. High level of technical and networking skills.

Experience

10/16 – 02/19 Software Developer at **Creation Media**, Bristol. Building and maintaining Drupal, WordPress, Magento and custom platforms. Taking care of full-stack responsibilities as well as managing AWS and common LAMP stack. Writing extensive API's. Working collaboratively with a team.

01/16 – 10/16 Web Developer at **Southmedia Ltd.**, Bristol. Responsible for front-end and back-end development of Drupal or WordPress CMS. Typically working from designs, but often given free rein on improving existing websites. Whether working individually or with a small team and constantly striving to operate within timescales and hit targets.

03/13 – 12/15 **freelancing web designer/developer**. Creating websites with Drupal, developing themes and modules. Building SPA's with Angular1. Maintaining already build systems. Constantly working with HTML, CSS and JS. Experience with MVC pattern. Creating designs with Adobe suite.

06/10 – 12/12 Leader, developer. **Electric-Shop-Online**. Maintaining the main online shop. Repairing, installing and maintaining consumer grade digital equipment.
